## PROFESSIONAL SUMMARY

I possess a robust background in Information Technology and demonstrated history of success in managing logistics and sales. My skill set includes proficiency in Python, R, SQL, and data visualization tools. I have an extensive grasp of machine learning, predictive modeling, and statistical analysis. My true enthusiasm lies in harnessing data-driven insights to propel business expansion and tackle intricate challenges spanning diverse sectors.

## WORK HISTORY

### Data Analytics Consultant(Virtual)

July 2023 - July 2023

Internship | KPMG | United Kingdom

- Successfully applied customer data quality assessment to optimize marketing strategy, enabling company growth at Sprocket Central Pty Ltd with data provided in 3 datasets through data-driven insights.
- Delivered data-driven customer insights through comprehensive analysis of customer demographic, address, and transaction datasets, resulting in targeted marketing strategy and driving significant business value
- Presented data driven insights in a comprehensive dashboard to display to the client

### Intern

June 2023 - June 2023

Work Experience | Bright Network | London

- Participated in a 4 days Intensive Internship Experience with top organizations in the United Kingdom. Proposed Net zero solution for fashion SMEs for final Capstone project

### Network Administrator

January 2022 - November 2022

Contract | 52 Signal Brigade 2 Division Nigerian Army | Oyo, Nigeria

- Drove efficient network support by adeptly addressing and resolving a multitude of WAN/LAN connectivity issues, contributing to a 85% reduction in overall network downtime.
- Collaborated with associates in both technical and non-technical contexts.
- Worked closely with network support team for operational support, tasks and projects.
- Efficiently oversaw setup and maintenance of data and voice circuits across a network

spanning 50 routers, switches, and WAN devices. This optimized management upheld smooth communication and operational efficiency.

### Student Intern

April 2019 - September 2019

Internship | New Horizons | Oyo, Nigeria

- Delivered clerical support by handling range of routine and special requirements.
- Performed administrative duties and staff support tasks
- Assisted the marketing department in their advertising and promotional efforts
